## Why Yatanarpon Teleport?

### Professional ISP

Established as the first customer oriented professional ISP in Myanmar with a full commitment to the services.

### State-of-the-art Technology

State-of-the-art facilities with superior network technology for reliable access and performance.

### 24 Hours x 7 Days Technical Support

Our technical help desk is operational 24 hours a day for professional technical guidance to all customers.

### On-line Virus Scan

Give your PC the extra protection with a free check-up for viruses while you surf the net or use E-mail.

### Web Mail

With the same user ID, you can send and receive E-mails directly from the web, anytime anywhere. Very useful feature whilst you are traveling overseas to manage your mails.

### Exciting Content

We design our service with you in mind. Besides your useful internet E-mail, there is lots of local content and links to the interesting sites of WWW, on-line chats, discussion forums, gaming and on-line entertainment services, and many more.

**Yatanarpon Teleport** is a service offered for both public and business users. This service is subscription based which enables the subscriber to have his own internet E-mail account, access to World Wide Web. This service is available for

individual users as well as cooperates and organizations.

Yatanarpon Teleport also provides a variety of access options (Dial-up, IP Star) and multiple usage plans that allow each and every user to meet their differing demands.

Yatanarpon Teleport is also equipped with a well experienced technical team to support all the customers through Technical Help Desk and Service Centre. Application and service activation procedures are stream-lined to provide a prompt and efficient service to all the customers.
